Another Successful Hockey Tournament!

After a five-year absence due to the collapse of the Fort Nelson arena in 2007, the Fort Nelson Petroleum Association held its 4th Annual Oilmen's Hockey Tournament October 19-22 at the brand new Northern Rockies Regional Recreation Center. Sixty players joined six sponsored teams, participating in the 4-on-4 format with the objective of having a great time. And they did!

"We had hoped to get more registrations to make 8 teams but nevertheless those players that did come out had tons of fun," notes Chair of the event's Organizing Committee, Daniel Kerr. A new addition this year was the Shoot-to-Win contest. Peter Villers was the last man standing in the reverse draw and had a chance to win \$25,000 if he could shoot 15 out of a possible 20 pucks into the gaping net from centre ice in 20 seconds.. Peter managed to get 10 pucks in the net and was awarded \$50.00 per puck for his efforts.

The Team Spirit—sponsors and players together!

The 6 team sponsors: Bumper to Bumper, CE Franklin, EnCana Oil & Gas, Kledo Construction, Ltd., Pason Systems Corp., and Troyer Ventures Ltd. are key to the tournament's success. Included with their sponsorship is the opportunity to have a representative as captain on the team, and most companies leverage this opportunity. Each team's captain draws the remainder of the team from names in a hat, based on skill-level and playing position, in order to ensure the teams are as balanced as possible, and to re-enforce the spirit of friendly competition. With only 6 teams, a round-robin format was used so each team played each other and three championship finals were played based on each team's final standings.

Sponsors are integral to the quality of the event. "The players get great value at the tournament, and we really want to thank the sponsors for their involvement. Their support makes it a better event year after year, and we recognize and appreciate the contribution they make," adds Kerr.
